

## Monte Carlo Mafia

The House of Grimaldi rule over Monaco today and once ruled in Genoa as powerful bankers and politicians. Monaco is located right next to Italy and on the same coastline as Genoa. There are still Italian Grimaldi families called the Grimaldi di Niximas with Prince Enrico Grimaldi di Nixima, Princess Sandra Grimaldi di Nixima, Princess Caterina Grimaldi di Nixima, Andrea Grimaldi di Nixima, Princess Elvira Grimaldi di Nixima-Oetker, and Princess Beatrice Grimaldi di Serravalle. The Grimaldi di Nixima family are ruthless child murdering sadists. Nix refers to the Greek witch Nyx who is associated with the night. Princess Elvira married the billionaire Alfred Oetker whose father was a Nazi SS member. Monaco was a principality of Genoa and ruled by the Grimaldi family during the 13th century. Francois Grimaldi was the first ruler of Monaco and was nicknamed the "Malicious One." Today Monaco is a sovereign city state with an economy involved in casinos and operates as a haven for those trying to evade taxation. Several Scottish and British billionaires reside in Monaco like Jim McColl and Baron Irvine Laidlaw. There is no income tax in Monaco so many foreign businessmen including members of royal and noble lines operate from there to evade taxes and then conceal wealth in private bank accounts. Casinos are a popular industry in Monaco and have always gone hand in hand with organized crime which use casinos for laundering criminal profits. Casinos are the most effective tool for laundering large amounts of cash. This is even revealed in the movie Casino. This is why the Chicago Outfit set up in Las Vegas and the Five Families and Philly Mob set up in Atlantic City. Monte Carlo is a joint headquarters for the Sicilian and Russian mafias. The House of Grimaldi were the ones who established the first casinos in Monaco and are the primary owners of Monte Carlo Casino. The Grimaldis are still connected with the Genoese nobility with Prince Domenico Pallavicino as the Consulate General of Monaco in Genoa, Italy. The Pallavicini family are currently international bankers and nobles of Genoa, Milan, Vienna, and Rome.

Prince Albert II is the blood appointed head of state in Monaco and his net worth is estimated at over 1 billion however it is likely

more like most members of high level royalty. They conceal their real wealth in private offshore accounts like in Switzerland, Luxembourg, and Liechtenstein. They also conceal their wealth in assets like corporate shares, precious metals, and land. Prince Albert II is also a Knight of the Sovereign Military Order of Malta and runs his principality as a branch of Rome. The House of Grimaldi is intermarried with various French and Genoese noble families as well as German royals like the House of Hanover and House of Lorraine. Princess Stephanie of Monaco, Christian Louis Rainer de Massy, Baroness Elisabeth-Anne de Massy, and Baroness Christine Alix de Massy are members of the royal family of Monaco. They also work closely

with the House of Doria of Genoa currently headed up by Prince Jonathan Doria-Pamphilj and the House of Savoy which had a Genoa branch. The House of Grimaldi work with white collar criminals running banks and businesses in the Black Sea region which work with mafias in the region owned by Black Nobility. The Lucchesi-Palli and Corsini families are part owners of mafias in Turkey which worked with their Italian and Corsican Mafias in the "French Connection." The Black Nobility of Rome are the primary owners of the Sicilian and Italian-American crime families and also own mafias in Eastern Europe and Russia. The Grimaldi di Nixima family of Sicily are also part owners and overseers of the Sicilian Mafia. The House of Bourbon-Two Sicilies an Italian

royal family currently have residences in Monaco.

Like most Genovese nobility the House of Grimaldi is involved with banking. They were one of the families that established the Bank of Saint George in 1407. The Republic of Genoa expanded its territories into the Black Sea region and used its bank to manage these regions. The royal owned bank was known for using Jewish bankers to manage their assets and finances especially in the Black Sea region. The Ghisolfi clan intermarried with nobility around the Black Sea and this region was known as Gazaria taking its name from the more ancient Khazaria. The Ghisolfi clan managed these banks and used Gazarian agents as middle men

that worked with Russia. Today Ghisolfi family owns the international chemical company Mossi Ghisolfi Group and M&G Finanziaria with Vittorio Ghisolfi, Marco Ghisolfi, and Beppe Ghisolfi as a members. What people refer to as the "Khazarian Mafia" are the continuation of Genoese-Gazarian bankers today. There is a large amount of organized crime and criminal banking in Russia, Turkey, Bulgaria, and Crimea and these same groups are doing business in Israel and Europe. In the US the Russian Mafia in Brighton Beach, New York works under the Lucchese crime family which they pay tributes to and receive protection from with former Lucchese boss Anthony Casso ordering the assassination of Russian mobster Vladimir

Reznikov who was threatening the Russian mafia boss and Lucchese associate Marat Balagula. Enrico Braggiotti is an Italian banker living in Monaco and was born in Turkey. Enrico Braggiotti has been investigated for banking corruption and bribery. Braggiotti was believed to be involved in a secret plot with the Bank of New York in taking over Irving Bank.

Enrico Braggiotti helped to funnel Black Sea mafia profits through Italian banks and then his connections with Monaco were used for transferring the wealth into Monaco to be laundered in casinos. Sergey Aksyonov is Prime Minister of Crimea and has numerous ties with organized crime and the mafia known as Salem. Aksyonov is politically

backed by Vladimir Putin and part of the United Russia Party. The Sarkisov family are Russian billionaires that own land in Monaco. The Russian gangster Felix Sater who has ties with Donald Trump is part of this Black Sea Mafia. Helly Nahmad is an art dealer that ran a criminal gambling operation out of his apartment at Trump Tower. The Nahmad family is from Monaco. The Russian billionaire Aras Agalarov's son Emin Agalarov set up a meeting with the Russian lawyer Natalia Veselnitskaya and Trump Jr, Jared Kushner, and Paul Manafort. Aras Agalarov is a knight of the Italian Order of Merit. The House of Savoy owns the Genovese crime family and works closely with the Grimaldis with Prince Albert II a knight of

the Savoy's Order of Saints Maurice and Lazarus. Prince Vittorio's wife Marina is from the Geneose Doria banking family. Vladimir Putin is a Knight of the House of Grimaldi's Order of Saint-Charles. Putin has met with Prince Albert II many times in the past 12 years and they are good friends. Putin has met with Prince Albert II in 2006, 2007, 2013, and 2016 which I can confirm. The Russian mob boss Alimzhan Tokhtakhunov said he met Putin in Monte Carlo. Tokhtakhunov is a criminal associate of the Corleonisi mafia clan of Sicily. Banco di San Giorgio is a more recent bank that used the same name because it is covertly owned by the Genoese families like the Grimaldis and Pallavicinis that owned the Bank of Saint George. Through a series of

mergers Banca di San Giorgio merged with Banca Regionale Europea which absorbed into UBI Banca. Mediobanca is an Italian bank that owns the private bank Compagnie Monegasque de Banque in Monaco.
